PREFACE

This manual is designed to provide a set of standardized guidelines and procedures for the administration of the DeSoto Independent School District Cash Receipts.

School personnel are placed in a position of extraordinary trust by parents and students when funds are placed in their care. Adequate measures to control these funds will assure parents and students that the funds are handled properly. It is for the purpose of providing this assurance and protection that fund procedures have been established. Strict adherence to control procedures is for the protection of all individuals who work with public funds.

This manual supersedes all prior publications regarding the administration of Cash Handling Procedures, and assumes that all accounting functions are centralized at the district level and are administered in compliance with Generally Accepted Accounting Procedures and TEA guidelines.

THEFT AND TAMPERING

District employees are considered to be public servants and are subject to Title VIII of the Penal Code regarding offenses against public administration.

The designation of public servant increases an offense of theft, for purpose of punishment, to the next higher category of offense if at trial it is established that the actor was a public servant at the time of the offense and the property appropriated came into actor's custody, possession or control by virtue of this status (Section 31.01, Texas Penal Code).

All records and documents of the District are considered to be governmental records and the intentional destruction, concealment, removal or other impairment or a governmental record which renders the record untrue, illegible or unavailable is an offense. (Section 37.10, Texas Penal Code).

Tampering with governmental records is considered a felony of the third degree if it is shown at trial that the governmental record was a public school record, report or assessment instrument required under Chapter 39, Education Code.

- Require appropriate staff to provide documentation with reasonable explanation of any deposit error/discrepancy that occurred on the school's side.
- Ask appropriate staff for an explanation of anything that isn't what you expect or as you remember it.

All donations cash or non-cash (no exceptions) must be brought to the attention of the Financial Services Department as soon as possible.
